

San Diego Urological Society
May 13, 2010 ~ San Diego Yacht Club

EVALUATION SUMMARY

PROGRAM OBJECTIVES

Having completed this activity, you should be able to...

	STRONGLY AGREE-STRONGLY DISAGREE				
	5	4	3	2	1
	TOTAL PTS	# RETURNED	AVG SCORE		
1) Update the society urologists on the on-going urology research at the Naval Medical Center San Diego and San Diego Medical Center	62	13	4.77		
2) Describe recent research findings in the medical and surgical management of urology patients.	58	13	4.46		
3) Analyze possible issues and specify possible solutions.	57	13	4.38		

SPEAKER EVALUATIONS

Guillermo "Will" Patino, MD - "Vasectomy failure rates on the basis of surgical technique."

	STRONGLY AGREE-STRONGLY DISAGREE				
	5	4	3	2	1
	TOTAL PTS	# RETURNED	AVG SCORE		
1) Clarity of the presentation.	52	13	4.00		
2) Quality of slides.	54	13	4.15		
3) Overall organization of presentations.	50	13	3.85		

Sepehr Nowfar, MD, MPH- "Nephrolithiasis, Gender, Obesity: An Analysis of the National Inpatient Sample Database."

1) Clarity of the presentation.	49	13	3.77		
2) Quality of slides.	52	13	4.00		
3) Overall organization of presentations.	50	13	3.85		

Matthew Christman, MD - "The Effects of Steep Trendelenburg Position on Intraocular Pressure during Robotic Assisted Laparoscopic Procedures."

1) Clarity of the presentation.	62	13	4.77		
2) Quality of slides.	63	13	4.85		
3) Overall organization of presentations.	64	13	4.92		

Wassim M. Bazzi, MD - "Single incision laparoendoscopic Surgery and Compare it to Multiport Laparoscopic Surgery from UCSD Database (LESS vs. MPL)."

1) Clarity of the presentation.	51	13	3.92		
2) Quality of slides/video.	52	13	4.00		
3) Overall organization of presentations.	50	13	3.85		

Jason Durbin, MD - "Use of Renal Tissue for the Investigation of Tissue Specific Pharmacodelivery Systems."

1) Clarity of the presentation.	46	13	3.54		
2) Quality of slides.	48	13	3.69		
3) Overall organization of presentations.	45	13	3.46		

San Diego Urological Society
May 13, 2010 ~ San Diego Yacht Club

	STRONGLY AGREE-STRONGLY DISAGREE				
	5	4	3	2	1
	TOTAL PTS	# RETURNED	AVG SCORE		
Ryan P. Kopp, MD - "Pathologic Findings on Repeat Prostate Biopsy for an Initial Diagnosis of Atypical Glands Suspicious for Malignancy."					
1) Clarity of the presentation.	54	13	4.15		
2) Quality of slides.	53	13	4.08		
3) Overall organization of presentations.	55	13	4.23		
Chong "Jay" Choe, MD - "The Feasibility of Robotic Vasovasostomy: a Video Presentation."					
1) Clarity of the presentation.	54	13	4.15		
2) Quality of slides/video.	57	13	4.38		
3) Overall organization of presentations.	53	13	4.08		
Jeff Woldrich, MD - "Penile Kaposi's Sarcoma in the State of California, 1988-2004."					
1) Clarity of the presentation.	60	13	4.62		
2) Quality of slides.	59	13	4.54		
3) Overall organization of presentations.	55	13	4.23		

Please consider the following topic(s) for future programs:

- Female urology (slings).

SDUS Membership Recommendations:

- Ithaar Derweesh
